PITTSGROVE TOWNSHIP SCHOOL DISTRICT

Course Name: English Language Arts	Grade Level(s): 6th
Department: Humanities	Credits: N/A
BOE Adoption Date: June 2014	Revision Date(s): August 2019

Course Description

The sixth grade language arts curriculum utilizes a balanced literacy approach. The course incorporates reading units that relate to literature and non-fiction, as well as writing units that are based on genre. Reading and writing units are taught concurrently. Whole class reading activities relate to thematic units which include: Acceptance, War: Illusions and Realities, Courage, and Overcoming Obstacles. Emphasis on close reading strategies will allow students to understand key ideas and details and make inferences and predictions. Students will begin to appreciate author's craft and structure. Word study focuses on use of context clues and understanding of vocabulary connotation as well as denotation. Aligning with the New Jersey Student Learning Standards, many writing experiences are grounded in evidence from text. Students will write for a variety of purposes, including narrative, literary analysis, argumentative and research simulation tasks. In addition, students will use technology to produce and publish writing and to collaborate with one another. Spelling and grammar are infused into focus lessons that pertain directly to writing.

Mission Statement

The Pittsgrove Township School District believes in growing all learners to thrive. The district offers an intellectually rigorous, dynamic curriculum aligned to state and national standards coupled with research-based practices in classrooms. The Pittsgrove Township School District strives to highlight critical thinking, problem-solving, intercultural literacy, digital literacy, collaboration, innovation, and a growth mindset as part of the instructional core of learning. The district provides high quality resources to provide young people the knowledge they need to approach the future as leaders and learners.

Curriculum & Instruction Goals

- 1. To ensure students are college and career ready upon graduation
- 2. To vertically and horizontally align curriculum PreK-12 to ensure successful transition of students at each grade level
- 3. To identify individual student strengths and weaknesses utilizing various assessment measures (formative, summative, alternative, etc.) so as to differentiate instruction while meeting the rigor of the applicable content standards
- 4. To improve student achievement as assessed through multiple measures including, but not limited to, state testing, local assessments, and ongoing progress monitoring

How to Read this Document

This curricular document contains both a *pacing guide* and *curriculum units*. The pacing guide serves to communicate an estimated timeframe as to *when* critical knowledge and skills will be taught throughout the year. The pacing, however, may differ slightly depending upon the unique needs of each learner. The *curriculum units* contain more detailed information as to the content, goals, objectives, instructional strategies, resources, and assessments.

Global Awareness:

Students will read and analyze nonfiction text that
has individuals representing diverse cultures,
European countries, beliefs and lifestyles in a spirit
of mutual respect and open dialogue. They will
understand the causes of WWI and the propaganda
government used to influence people's beliefs and
prejudices.

Civic Literacy:

 Students will understand the influence government has on its people and the obligation citizens have to defend and protect their country. Students will understand the local and global impact of war.

Critical Thinking:

- Use deductive reasoning as appropriate to the situation
- Analyze and evaluate alternative points of view
- Effectively analyze and evaluate evidence
- Interpret information and draw conclusions based on the best analysis

Communication and Collaboration

- Use communication skills to analyze text and present information
- Listen effectively to decipher meaning, including knowledge, value, attitudes, and intention
- Respond open-mindedly to different values and skills
- Collaborate with others on a range of topics and situations

Productivity and Accountability

- Utilize time and manage workload efficiently
- Demonstrate ability to work effectively and respectfully with diverse groups

Information Literacy

 Students will use technology as a tool to research, organize, evaluate, and communicate information
